

convenient,  
affordable,  
quality care

## Make an investment in your child's future!

Enroll them in the YWCA After-School Program.

Girls and Boys ages 5-12 LOVE the YWCA after school. That's because they enjoy healthy snacks, participate in games, make arts and crafts, and enjoy outdoor physical play. There's even time for homework! And the best part: the program is held right on the school campus. Don't worry about your child going home to an empty house! Enroll her in the YWCA after school program today.

Army School-Age Programs in Your Neighborhood (ASPYN) has partnered with the YWCA to ensure that Army families are secure in knowing their children are safe and in the care of well-trained professionals. In addition to receiving assistance in locating and enrolling in quality school-age programs, Army families, Soldiers and Department of the Army Civilians, also pay reduced fees, comparable to those charged on post. The Army provides fee assistance to the family based on "total family" income, with discounts generally given for multiple children.

**Fee assistance and discounts available for Army Families!**
