

january is national mentoring month

National Mentoring Month is a month to recognize mentoring and the positive impact it can have on people's lives. The YWCA of Kalamazoo has had a mentoring program since 1991 and is looking for women of color to volunteer as mentors to meet the increasing needs of the program. Currently, 64% of YW-mentees are women of color compared to only 28% of YW-mentors. We need more women of color to serve as mentors. *It's time for this disparity to change.*

who: Women of color at least 18 years old.

what: The YWCA is hosting a speakers panel comprised of women of color who are currently volunteer mentors at the YWCA. Our goal is to recruit women of color to volunteer in the YW-Mentoring Program to meet the increasing needs of the program.

where: YWCA of Kalamazoo, 353 E. Michigan Avenue, Kalamazoo, MI 49007

when: Thursday, January 26, 2012 from 6:00 p.m. – 8:00 p.m.
