purpose

The Healthy Women Partnership of Orange County is a unique coalition of Medical Providers and Social Service Agencies committed to bringing age eligible women, who are uninsured or underinsured, information on breast and cervical health, early detection and diagnostic services free of charge.

how does this program work?

This program offers free breast and cervical screening in clinics and hospitals in Orange County through participating providers.

- Mammograms, clinical breast exams, pap smears and pelvic exams for **women 40 and older.**
- Pap smears, pelvic exams, and clinical breast exams for **women under 40.**
- Staff from the Orange County Healthy Women Partnership can help answer your questions.

eligibility

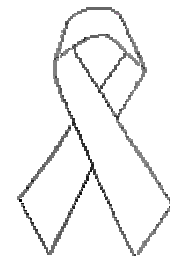

This program is for women:

- **who have no insurance.**
- **who have limited insurance that doesn't cover the cost of these exams.**

additional help

The Healthy Women Partnership staff will:

- offer help in scheduling appointments.
- remind you of your annual screening exams.
- assist with referrals to Providers and follow-up exams.

Approximately 95% of all mammograms prove to be normal.

Early detection is still the best tool we have in fighting breast cancer.

The Healthy Women Partnership of Orange County is committed to bringing age eligible women, who are uninsured or underinsured, information on breast and cervical health, early detection and diagnostic services free of charge.
