Here's How It Works...

Bucks County homeowners over 60 years of age are matched with qualified male or female house sharers, 18 years or older, up to and including senior citizens. Homeowners have a choice as to age and gender of the house sharer. If needed, the homeowner may obtain a caregiver rather than a house sharer. The YWCA checks house sharers or caregivers' references, a criminal check is run, and a YWCA staff member interviews both.

Senior Shared Housing

There is a special need for homeowner applications in the Central to Lower Bucks areas. However, all applications are very welcome.

Are you a Homeowner...

who could use additional income to help with increasing tax and utility bills? Do you have a room with kitchen privileges available in your home? Hesitant to advertise the room yourself? The YWCA of Bucks County Senior Shared Housing Program is looking for new participants. As a service for senior homeowners, the YWCA will screen potential house sharers and/or caregivers for you. Senior homeowners generally fall into one of three categories:

1. The "well" senior who has a room available for full house share amount approximately \$400, including utilities;
2. The senior who is doing "fairly well" but could use some help with chores for a reduced house share amount;
3. The "frail" senior who does not want, or cannot afford, assisted living and offers free room and board in exchange for light care giving.

Are you a House Sharer...

who is looking for a reasonably priced room in a nice home without any duties? Or are you willing to do chores for a reduced house share amount?

Are you a Caregiver...

who would like free room and board in exchange for experienced care giving?

Yes,

I am interested in getting involved in the YWCA of Bucks County's Senior Shared Housing Program.
